

Task Submission: Fiverr Gig Creation & Optimization

1. Live Gig Link

[<http://www.fiverr.com/s/EgW6dQK>]

2. Competitor Analysis (3 Top-Ranking Gigs)

Gig 1: Focused heavily on "Figma to Elementor" conversions; offered 24-hour delivery on basic packages with high conversion rates.

Gig 2: Targeted full-site WordPress redesigns with heavy emphasis on WooCommerce integration and custom CSS/Elementor Pro widgets.

Gig 3: Positioned as an all-in-one business solution emphasizing mobile responsiveness, speed optimization, and modern UI/UX design.

3. Strategy & Positioning

SEO Keywords Used: WordPress website, Elementor Pro, Responsive design, Figma to WordPress, WooCommerce marketplace.

Pricing Strategy: Competitive entry-level pricing for 1-page landing pages with clear tiered upgrades for full business sites and multi-vendor setup.

Positioning: Highlighting UI/UX expertise, fast delivery, pixel-perfect Figma/design conversions, and high sitewide performance.
